Invites you to

**Building bridges of cooperation in the field of cleantech between  
the Slovak Republic and Denmark**

a seminar and B2B meetings

Date: November 26th 2015

Venue: Premises of the residence of H.E. Boris Gandel, Ambassador  
(Vesterled 26-28, 2100 Copenhagen)

**Background**

The aim of this seminar is to present the best practices of Denmark, the world's leaders in green and clean technologies, to establish contacts with companies and institutions, to build business partnerships, and to exchange experiences in the cleantech field.

On the multilateral level we will start up and get engage into the cooperation with Solved.expert, leading platform of multidisciplinary experts from many countries in the cleantech field.

**Objective**

As an outcome of the seminar will be a study containing the evaluation of Denmark's best practices and opportunities for cooperation between Slovak and Danish companies.

Targeted Sectors:

- Energy efficiency
- Heating and cooling
- Solar and other renewables
- Bioenergy
- Water
- Climate adaptation
- Environment and resources
- Sustainable transportation
